

How did people use to live?

Think of 5 inventions that have changed the world. Draw a picture of the invention and explain what life was like before the invention using 'used to' or 'didn't use to' and what life is like now.

	<p>0. The Internet:</p> <p><i>Before the internet, people used to write letters to each other, but now they send emails to communicate. People also didn't use to be able to search for information online; they used to use books instead.</i></p>
